Postal code/ Town/City:		Telephone:	
Email:		Fax:	

- Please fill in, print and send this form to the BACnet testing department of DIAL GmbH -

I confirm

1. that the devices which are listed in section 4

1.1 are serial devices.

NB: Prototypes or preliminary devices are not permitted for compliance tests.

1.2 all contain the same identical and unmodified firmware that will be used in the serial devices without any modification

NB: Preliminary devices or development samples may be used for preliminary tests.

1.3 are used for OEM issues. The original devices have already been tested for compliance and the OEM products contain the same firmware as the original devices.

original devices	OEM devices

1.4 belong to one product family.  
The device number has the full range of functions and may be used as reference for compliance testing. The other devices will be listed additionally in the test report.

NB: You may write on a separate sheet if necessary.

2. that the firmware version listed in section 5

2.1 was extended to include the following BIBBS / properties listed below:

2.2 was reduced by the following BIBBS / properties (removed)

3. due to the corrections

3.1 made to the firmware only the following modifications have been made which are not relevant for registration

NB: On the basis of this information it is not necessary to repeat the complete test. Only the modifications need to be tested. You may write on a separate sheet if necessary.
